

130 Pints/day DEHUMIDIFIER (OL-R230P)

1. PICTURE

Details

Driez Wheel and continuous drainage outlet

Removable Air filter

Back air outlet

Fast connector of Hose

Control Panel

2. TECHNICAL PARAMETER

MODEL NO.	OL-R230P
Tested Dehumidify Capacity @AHAM (80°F, 60%RH)	130 pints/day @AHAM
Tested Dehumidify Capacity @SATURATION	230 pints/day @SATURATION
Power	8.3 Amps, AC110-120V/60HZ
Rated Power	945Watts (80°F, 60%RH)
Air Circulation	410 CFM / 697m3/h
Refrigerant	R410a/ 26.8 Oz
Operating Range	34-100°F
Defrost type	Hot gas valve
Handle	steel
Wheels	semi-pneumatic
Housing	Rotomolded polyethylene
Dimension (LxWxH)	W21.5xD20.4xH33.71 inch
Net Weight	110 lbs
Loading Quantity(20'/40'/40'HQ)	54pcs/114pcs/114pcs

3.. FEATURE

- 1, Hot Gas Valve system enable better capacity in low temp. situation
- 2, Low Amps and low power consumption, safe and energy saving
- 2, Back air outlet , can connect air duct
- 3, With Hoppy brand water pump ,work stably and low failure rate
- 4, Drieaz tough wheels
- 5, Easy to assemble and disassemble the housing for repair
- 6, With fast connector of hose , convenient for assembly and disassembly
- 6, Draw and push type air filter , more convenient
- 8, Continuous drainage outlet assure machine drain normally in case of water pump break down
